# EPIC

Four integrated technologies come together to deliver the ultimate in helmet Fit, Comfort, and Protection.

-  **ENGAGE:** Tighten the chinstraps for an instant custom fit with no pumps needed. The low strap wraps around the head through the FitLock to help keep the helmet on your head.
-  **PROTECT:** The EPIC Shock Absorber and compression liner are a system of technologies designed to protect against both linear impacts and rotational forces. The EPIC shock absorber releases air upon impact with Multi-Staged Compression to help address a wide range of linear impacts. The compression liner acts as a suspension system keeping the head secure and allowing the shell to move independently to reduce dangerous rotational forces.
-  **IGNITE:** TPU comfort pads are comfortable, durable, and hygienic. XRD® Extreme Impact Protection foam inside provides enhanced protection and performance.
-  **COOL:** Aggressive vent pattern showcases a modern sleek style while optimizing ventilation.

## EPIC SHOCK TECHNOLOGY

The EPIC helmet features Xenith's evolution of shock absorber technology. The EPIC Shock utilizes Multi-Staged Compression to attenuate impact energy.

Stages 1, 2, & 3 offer increasing levels of resistance to adapt to low, medium, and high impacts.

The interior ridge adds 2 additional walls to the original shock absorber design, creating a more reinforced structure to enhance its ability to minimize sudden head movement.

**FitLock:** Conforms to the occipital bone for the ultimate in fit and retention. Engineered from high quality injected foam for superior comfort and durability.

- RANDY CUNNINGHAM  
HEAD FOOTBALL COACH / CAMPUS ATHLETIC DIRECTOR  
WILLIAM B. TRAVIS HIGH SCHOOL, RICHMOND, TX

IN MY OPINION, XENITH MAKES THE SAFEST HELMET ON THE MARKET. WHO ELSE HAS A BONNET SYSTEM THAT COMFORTABLY LOCKS THE HEAD IN PLACE? THE SHOCK ABSORBERS WORK LIKE AIRBAGS AND I NEVER HAVE TO WORRY ABOUT INFLATING ANY BLADDERS LIKE OTHER BRAND HELMETS ON THE MARKET. AS A CERTIFIED ATHLETIC TRAINER, THOSE ARE KEY FEATURES THAT MAKE THE XENITH STAND OUT FROM OTHER MANUFACTURERS. I'VE HAD MY SON IN THE X1, X2, AND NOW THE EPIC.

- FRANK MASTRANGELO, LAT, ATC, EMT  
HEAD ATHLETIC TRAINER / ASSISTANT ATHLETIC DIRECTOR  
LAWRENCE ACADEMY, GROTON, MA

AS A COACH AND ALSO STILL A PLAYER, I WAS SURPRISED HOW EASY THE FITTING OF THE XENITH HELMET IS AND EXCITED HOW WELL IT FITS DURING THE GAME. ALSO FROM ALL THE PLAYERS ON MY TEAM WHO ARE USING XENITH I ONLY RECEIVED POSITIVE FEEDBACK.

- FRANK WEINERTH, DEFENSIVE COACH  
HASSLOCH 8-BALLS

OUR PLAYERS ENJOY THE COMFORT AND PERFORMANCE OF THE XENITH HELMETS. I LIKE THAT IT TAKES THE GUESS WORK OUT OF GETTING THE RIGHT FIT FOR THE HELMET.
